A 6x6 grid of 36 squares. Each square contains a small circle in its top-left corner. The circles are either dark gray or white. The squares have varying shades of gray, creating a checkerboard-like pattern. The circles in the first four columns are dark gray, while the circles in the last two columns are white. The squares in the first four columns are a medium gray, while the squares in the last two columns are a lighter gray.

SATURDAY

A 6x6 grid of 36 squares. The first five columns consist of light gray squares, each containing a dark gray circle in the top-left corner. The sixth column consists of dark gray squares, each containing a light gray circle in the top-left corner. This visual pattern represents the binary sequence 010101 repeated six times.
